

POULTRY TECH SUMMIT

November 5-7, 2018
Georgia Tech Hotel &
Conference Center
Atlanta, Georgia

Connect at the poultry industry's only conference focused on advanced technologies for future operations

Poultry Tech Summit is a first-of-its-kind conference focused on transitioning innovative technologies from researchers and entrepreneurs into new commercial applications for the poultry industry. The conference will connect researchers and innovators with entrepreneurs, financiers, bankers, venture capitalists and others looking for new poultry industry projects to fund.

The Poultry Tech Summit's agenda will include presentations from researchers about advanced technologies ready for industry application within the next 5 years in live poultry production, processing and throughout the rest of the supply chain.

The conference will bring together key researchers in university and USDA-ARS labs, start-up companies, venture capitalists

and innovation leaders from integrators and commercial companies to learn, discuss and network on the very latest in new technology developments. These will range from Artificial Intelligence, robotics, Blockchain, sensors, Virtual Reality, vaccines, lighting and more to improve outcomes for poultry companies in all aspects of production from farm through processing.

The Poultry Tech Summit is produced in collaboration with:

With support from:

Presented By

REACH INDUSTRY RESEARCHERS AND TECHNOLOGY DEVELOPMENT EXPERTS IN ONE LOCATION
