Sponsorship opportunities at the only conference focused on advanced technologies for future poultry operations

Connect your brand with an exclusive international gathering of industry-changing innovators, researchers, entrepreneurs, technology experts, investors and leading poultry producers during Poultry Tech Summit on November 20-22, 2019.

Poultry Tech Summit focuses on the transition of innovative technologies from researchers and entrepreneurs into commercial applications for the benefit of the poultry industry. This event is the only one of its kind being offered to connect researchers and entrepreneurs with poultry sector technology experts, financiers, venture capitalists and producers looking for new projects and investments to fund.

Poultry Tech Summit is a global collaboration networking event where biology, engineering and business converge.

The Poultry Tech Summit is produced in collaboration with:

With support from:

Presented by:
Direct access to the leaders and influencers impacting the future of poultry production

Poultry Tech Summit is geared toward the interests of poultry company C-level executives, corporate leaders in QA/QC and R&D, live production and processing technology personnel, veterinarians, nutritionists, investors, bankers, venture capitalists and other poultry professionals.
